COURTESY ON THE COURSE

Behaviour during Play

No one should move, talk or stand close to or directly behind the ball or the hole when a player is addressing the ball or making a stroke.

The player who has the honour should be allowed to play before his opponent or fellow-competitor tees his ball.

Consideration for other players

No player should play until the players in front are out of range.

In the interest of all, players should play without delay. Players searching for a ball should signal the players behind them to pass as soon as it becomes apparent that the ball will not easily be found. They should not continue play until the players following them have passed and are out of range.

When the play of a hole has been completed, players should immediately leave the putting green.

PRIORITY ON THE COURSE

In the absence of special rules, two-ball matches should have precedence and can be entitled to pass any three or fourball match.

A single player should give way to a match of any kind. Any match playing a whole round is entitled to pass a match playing a shorter round.

If a match fails to keep its place on the course and loses more than one clear hole on the players in front, it should allow the match following to pass.

Members are reminded that the above rules apply not only in competitions but also in friendly matches.

CARE OF THE COURSE

Bunkers

Before leaving a bunker, a player should carefully fill up and smooth over all holes and footprints made by him therein.

Restore Divots and Plugmarks

Through the green, a player should ensure that any turf cut or displaced by him is replaced at once and pressed down, and that any damage to the putting green made by the ball or the player is carefully repaired.

Damage to Greens - Flagsticks, Bags, etc.

Players should ensure that, when putting down bags, or the flagstick, no damage is done to the putting green, and that neither they nor their caddies damage the hole by standing close to it, in handling the flagstick or in removing the ball from the hole. The flagstick should be properly replaced in the hole before the players leave the putting green.

CADDIE CARS

Local Notices regulating the movement of caddie cars should be strictly observed.

Practice on the Course

No player may play more than two balls while practising on the Course.

Damage through Practice Swings

In taking practice swings, players should avoid causing damage to the course, particularly the tees, by removing divots.

BUGGIES

Please refer to the policy document in the Club regarding the use of buggies in the winter months.

5. Park your clubs/caddy car at the exit side of the green for easy access to next tee.
6. In Foursomes Competitions, be on the green ready to putt if required.
7. When it is obvious you have lost the hole (v Par) or cannot score (stableford) pick up your ball to avoid delay.
8. Do not mark cards around green - mark them on next tee box.
9. Please read carefully Section on Courtesy on the Course (page 10 - Fixture List) and implement same.
